

School Breakfast

Research has shown that starting the day with a nutritious breakfast helps students stay alert and perform better in school. In an effort to help more children benefit from the nutritious meals served in the School Breakfast Program (SBP), Section 112 of the School Nutrition Reauthorization amends section 13 (a) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1761 (a)) to require each State Agency that administers the National School Lunch Act, to the maximum extent practicable, to ensure that participating School Food Authorities (SFAs) inform eligible families of the availability of reimbursable breakfasts served under the SBP.

The following Jeffco Schools offer a nutritious breakfast every day that school is in session. Students eligible for free or reduced price lunch will receive breakfast at no charge. Check with your school to see if a universal free breakfast is offered to all students.

Elementary schools

Adams	Glennon Heights	Secret **
Allendale **	Hackberry Hills	Shelton
